14/04/2007: To commemorate the 95th anniversary of the sinking of Titanic, ham radio operators worldwide will be running special event stations. The COBRAS - GI2BX / GI-21131 are hosting the Belfast side of the Titanic celebrations on the air with GB2MGY on April 14th and 15th. Several COBRAS members are also ISWL members so listen for the different operators, as you may pick up a few extra Monitor Award Points. As previously reported, the original plan was to operate from Blackhead lighthouse. This has now been shelved. They will instead be operating from the SS Nomadic, which is currently moored beside the Odyssey. QSL Manager is GI4GOS - see QRZ.com for details. The SS Nomadic was built at the same time as the Titanic and is currently being restored in Belfast. [Tnx Pete's DX Newsdesk]

14/04/2007: The French authorities have issued two special call signs, which will be used as follows, on this Heritage Day, from 1200z April 14th, to 1200z April 15th: TM1FFB which will transmit from the former radio maritime station Boulogne Radio 'FFB'; and TM2FFL which will transmit from the former historical radiomaritime station St. Lys Radio 'FFL'. 14/04/2007: To commemorate the 95th anniversary of the sinking of the Titanic, ham radio operators worldwide will participate in a special event broadcast originating from the TITANIC Museum Attraction (in Branson, Missouri) beginning at 8 a.m., Saturday, April 14th, and concluding at 7p.m., Sunday, April 15th. Members of the Nixa Amateur Radio Club will transmit the news of the anniversary using the special event callsign W0S. Operators from Nixa, Missouri, have permission from the FCC to broadcast using this special callsign which stands for "White Star," the name of the company that built the Titanic. The worldwide broadcast will take place to honor the radio broadcasters working aboard the Titanic on the night she sank. ADDED NOTE: A UK group is also expected to be active. Details should be forthcoming. [Tnx OPDX]

11/05/2007: Members from a number of amateur radio clubs (CRC, FDARS, HARIG) from the east coast area of the UK have formed the GB400AA team to organise and activate a unique special event station to commemorate the 400th Anniversary of America. The plan is to operate from the quay area at Harwich which has many historical links to the ships that first arrived in America. Operation will take place from 1200 UTC May 11th to 2300 UTC May 13th on a number of HF bands (primarily 80m, 40m and 20m), using CW and SSB.

It is also hoped that GB400AA will be operational for at least part of the CQ WPX CW Contest (May 26-27th). A special QSL card will be available for all contacts.
